3. What has SAME Pensacola been up to?

The Pensacola Post has been very busy preparing and raising money for the Annual Scholarship Golf Tournament. Past fundraising has allowed the Pensacola SAME Post to established two endowments- one at the University of Western Florida and another at Pensacola Junior College. Additionally, the Pensacola SAME Post awarded two \$1000.00 scholarships last year to local engineering students. These endowments and scholarships help to ensure tomorrow's generation of engineers and architects will receive educational support. They appreciate the support and the opportunity to become engineers resulting from your generous support. We are looking for any and all support. Come join us for great fun and networking opportunities. This year's event will be a four-person scramble format with lunch provided before the tournament starts. Awards will be provided for the top three teams, as well as individual prizes for the longest drive, closest-to-pin, and multiple hole-in-one chances. All information can be found on the Pensacola Post website.
