In lieu of the next SAME General Membership & Business Meeting we will be participating in a Habitat for Humanity Project on NOV. 20th. All SAME members who participate for a full shift (0800-1130 or 1200-1500) receive a free lunch paid by the Post. Location will be disbursed at a later date.

Sustaining Members

HDR Engineering, Inc.	CH2M HILL/VT Griffin
Heffernan Holland Morgan Architecture	KBR
Spencer Maxwell Bullock Architects	Gulf Power Company
Critical Path Mechanics	Whitesell-Green, Inc.
MACTEC Engineering and Consulting	Hatch Mott MacDonald
Fabre Engineering and Surveying	Bullock-Tice Associates
Irby Engineering & Construction, Inc.	Gallet & Associates
SaniGlaze International, LLC	J2 Engineering, Inc.
Eye Popping Promotions, LLC	ALACAD
PBS&J	

TREASURER'S REPORT

1st Navy Bank - \$2771.60
Morgan Stanley - \$27,185.85

PENSACOLA CHAPTER NOTES:

Associates and Friends of SAME and the Greater Pensacola CEC Wardroom:

1 Some topics of discussion during the last board meeting were:

-The Board is making final revisions to the Constitution and By-Laws to update them and streamline board member duties. Final edition will be made available to all Post members electronically to vote on at the next meeting.

Mark your calendars:

20 NOV –Habitat for Humanity event!!!! Contact ENS Ryan Shakely for more information. 850-452-3131 x3073

18 Dec Post Meeting at the Mustin Beach Officers Club. Presentation by LCDR Mike Brady NMCB 1 S3 Officer to talk about their recent MEF deployment.

21-23 Jan Design Build Workshop- To held in the Fort Walton Beach Area, exact location to be announced at a later date

2. General Information...

We are currently looking for a volunteer to be a coordinator for the Boy Scouts Engineering Merit Badge. Anyone interested please contact LTJG Dane Elles 850-452-3131 x 3089

In collaboration with the University of West Florida, the University has expressed great interest in trying to get local area engineering and construction offices to give tours of offices/projects to students in order to give them a better idea of what the engineering profession is about. Anyone interested please contact LTJG Dane Elles 850-452-3131 x 3089.

University of West Florida is also looking for individuals with master's degrees to be adjunct professors. As programs are growing the University seems to have fairly constant opportunities for folks in the area to teach programming, information technology, database systems, and software engineering courses -- at both the Pensacola campus and the online campus. An adjunct instructor must have a Master's degree in a related discipline. Generally class sizes are 20-25 students for most of our courses. If anyone is interested please contact Laura J. White at 850.474.3017 and send a resume with specific interests. Please keep the SAME Post involved to help with any coordination efforts.

3. What has SAME Pensacola been up to?

September 24th we held our Annual Scholarship Golf Tournament in which we raised more than \$7000 for our scholarship and mentoring fund. A big thanks goes out to the 19 sponsors and 17 teams that supported us and made this such a great event

The Post has recently purchased an ad in the Pensacola High School yearbook along with other local engineering societies to congratulate this year's graduates and promote engineering studies.

The Board recently voted on providing funding assistance to the UWF section of the North West Florida Society of Women Engineers, in order to support sending 5 students to the SWE Annual Conference in Baltimore, MD. SAME Pensacola Post is glad to support our brother and sister engineering societies in the local area.
